Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and soughter, and you realize that a woman at forty or forty-five ought to be at her fivest said toirest. Why isn't is not The general height of woman is so minutely nemorated with the local health of the essentially framinue organs that there can be no real theeks and round form where there is female weekness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr.

Pierce's Favorite Prescription. It gives vigor and vitality to organs of womanhood. It clears the complexion, brightens eyes and rollions the cheeks

No elcohol, or habit forming dries is contained in "Pavorit Any wick woman may consult Dr. Pierce by letter, free.
